## Front End Developer

Experienced web developer with a razor-sharp focus on React and Vue.js, passionate about crafting intuitive and dynamic user experiences. A proven track record of delivering top-notch projects, driving innovation through clean code, and collaborating seamlessly with cross-functional teams. Known for my adaptability, problem-solving prowess, and a relentless commitment to staying at the forefront of web technologies. Ready to elevate your digital projects with my expertise!

## WORK EXPERIENCE

**Rapturing Faith Christian Assembly** • 01/2023 – Present

### Lead Front End Developer

- I collaborate with church leaders to maintain and update the website, ensuring new events and content are posted within 24 hours. I'm optimizing the site for search engines, targeting a 20% increase in organic search traffic within six months. The website is responsive, accessible, and user-friendly, with a 95% satisfaction rate in user experience feedback. I provide support and troubleshoot any website-related issues, resolving them within 48 hours of being reported. I'm staying updated on web development trends and implementing improvements to enhance our digital outreach, aiming for a 15% growth in online donations and engagement this year.

**OAN Nature Export Limited** • 04/2022 – 12/2022

### Frontend Developer

- I increased the website's organic search traffic by 30% through search engine optimization strategies. I designed a responsive website that led to a 25% rise in user engagement, resulting in a 20% growth in online inquiries and a 15% increase in international trade facilitated through the integrated e-commerce platform. I provided timely updates, maintaining a 48-hour resolution time for reported issues, resulting in a 95% satisfaction rate among website users.

**Republican African Party** • Lagos State, Nigeria • 08/2021 – 02/2022

### Lead Front End Developer

- Led the design and development of user-centric, responsive websites, driving a 20% increase in website traffic during the first quarter. Collaborated with design and content teams for impactful online experiences, resulting in a 15% boost in user engagement. Monitored website performance, optimizing for SEO (maintaining a top 5 search ranking) and achieving sub-3-second site speed. Ensured 100% data security through rigorous implementation of data protection best practices.

**Freelance** • 05/2020 – 08/2021

### **Web Developer**

- I designed, coded, and optimized responsive websites, meeting client needs and enhancing user engagement (+25%), while also reducing server response time (-30%), ensuring cross-device compatibility, and achieving high client satisfaction (90%).

## **EDUCATION**

### **Bachelor of Science – BS in Civil Engineering**

University of Lagos • 09/2017 – 09/2022

### **WASSCE in Science Department**

Goshen International School • 09/2012 – 07/2017

I experienced a truly global education that prepared me for success in an interconnected world. The diverse community, rigorous academics, and emphasis on fostering creativity and critical thinking have been instrumental in shaping my personal and professional journey. Grateful for the enriching experiences and lifelong friendships I gained at Goshen.
